CONTINENTAL 416 JOY

The **CONTINENTAL 416** is a highly productive firewood processor. With it's 400 mm cutting capacity performed by a powerful hydraulic chainsaw, with a 16 ton splitter.
The operator controls are hydraulic and the hydraulic wedge made of DOMEX® material allows you to split your logs avoiding waste or asymmetrical splitting. It comes with 3 splitting wedges 2/4, 6 & 8 way as standard. The Continental 416 is equipped with an oversized oil tank, with cool cooler and several compartments for storing tools or spare chains etc…
The Continental 416 is also equipped with a hydraulic 3-stage conveyor and hydraulic connections for the use of a chain.
